**COMPLAINT OF THE UNITED STATES
FOR DECLARATORY AND INJUNCTIVE RELIEF**

Plaintiff United States of America ("United States"), on behalf of the United States Environmental Protection Agency ("U.S. EPA") and the United States Department of Housing and Urban Development ("HUD"), through its undersigned counsel, alleges as follows:

PRELIMINARY STATEMENT

1. This is a civil action for declaratory and injunctive relief brought against Gorman Park Properties, L.L.L.P., Grendahl Park II, LLC, and Grendahl Park III, LLC ("Defendants") for violations of the Residential Lead-Based Paint Hazard Reduction Act of 1992 ("Lead Hazard Reduction Act"), 42 U.S.C. §§ 4851-4856.

2. The Lead Hazard Reduction Act is intended to, among other things, protect tenants (particularly children under the age of six) from lead poisoning by requiring the owners and managing agents of residential properties to warn tenants about any known presence of lead-based paint and lead-based paint hazards, and to provide prospective tenants with certain information about how to protect themselves and their families against the dangers of lead

poisoning. Defendants violated the Lead Hazard Reduction Act by failing to make the required disclosures, thereby denying many families residing in the subject properties described below the opportunity to take steps to protect themselves and their children from lead poisoning.

3. Section 1018(b)(5) of the Lead Hazard Reduction Act, 42 U.S.C. § 4852d(b)(5), states that it is a violation of Section 409 of the Toxic Substances Control Act ("TSCA"), 42 U.S.C. § 2689, to fail to comply with a rule issued under 42 U.S.C. § 4852d.

4. By this action, the United States seeks to enjoin Defendants from further violations of the Lead Hazard Reduction Act.

JURISDICTION AND VENUE

5. This Court has jurisdiction over the subject matter pursuant to 28 U.S.C. §§ 1331, 1345, and 1367(a), 42 U.S.C. § 4852d(b)(2) and (5), and 15 U.S.C. § 2616.

6. Venue is proper in the District of Minnesota pursuant to 28 U.S.C. § 1391(b) and (c), because the lawsuit involves actions that took place, and the subject properties are located, in the District of Minnesota.

PARTIES

7. Plaintiff is the United States of America, acting at the request of and upon behalf of the U.S. EPA and HUD.

8. Defendants own and manage residential rental units in buildings located in Minnesota.

GENERAL ALLEGATIONS

A. Applicable Laws and Regulations

9. In 1992, Congress enacted the Lead Hazard Reduction Act.

10. The purpose of the Lead Hazard Reduction Act is, among other things, (A) "to encourage effective action to prevent childhood lead poisoning by establishing a workable framework for lead-based paint hazard evaluation and reduction"; (B) "to ensure that the existence of lead-based paint hazards are taken into account in the . . . sale, rental, and renovation of homes and apartments"; and (C) "to educate the public concerning the hazards and sources of lead-based paint poisoning and steps to reduce and eliminate such hazards." 42 U.S.C. § 4851a.

11. The Lead Hazard Reduction Act and its implementing regulations, found at 24 C.F.R. Pt. 35, Sbpt. A, and 40 C.F.R. Pt. 745, Sbpt. F, require, among other things, lessors of residential properties subject to the Lead Hazard Reduction Act to provide certain information to tenants when a new lease is entered into or, if the lease predates the effective date of the Lead Hazard Reduction Act, at the first change to the terms of an existing lease after the effective date of the Lead Hazard Reduction Act, such as a rent increase. See 24 C.F.R. §§ 35.88 and 35.92 and 40 C.F.R. §§ 745.107 and 745.113.

12. Lessors are required to disclose or provide to each tenant, among other things, the following information:

- a. Any known information concerning lead-based paint and lead-based paint hazards;
- b. Any records or reports available to the lessors pertaining to lead-based paint and lead-based paint hazards; and
- c. A lead hazard information pamphlet approved by U.S. EPA.

13. In addition, lessors are required to include in each contract for a lease or as an attachment to the lease, among other things:

- a. A Lead Warning Statement containing specific language as set forth in the regulations;
- b. A statement disclosing the presence of known lead-based paint and lead-based paint hazards or a statement that there is no knowledge of such information;
- c. A list of any records or reports pertaining to lead-based paint and lead-based paint hazards that have been provided to the lessee or a statement that there are no such reports;
- d. A statement by the tenant affirming receipt of the information set out in paragraphs 11 and 12, above; and
- e. The signatures of the lessors and agents certifying to the accuracy and completeness of their required disclosures, and signatures of the lessees attesting to their receipt of the required disclosures, along with the dates of all parties' signatures.

14. Section 1018(b)(5) of the Lead Hazard Reduction Act, 42 U.S.C. § 4852d(b)(5), states that it is a violation of Section 409 of the Toxic Substances Control Act ("TSCA"), 42 U.S.C. § 2689, to fail to comply with a rule issued under 42 U.S.C. § 4852d.

15. TSCA Section 17(a), 15 U.S.C. § 2616(a), provides the district court with jurisdiction over civil actions to restrain any violation of section 2614 or 2689.

B. The Violations

16. Each Defendant is a "person" within the meaning of the Lead Hazard Reduction Act and a "lessor" within the meaning of 24 C.F.R. § 35.86 and 40 C.F.R. § 745.103.

17. Defendants own and manage approximately 12 residential properties in Minnesota that contain units subject to the Lead Hazard Reduction Act.

18. For their 12 residential properties in Minnesota, Defendants have failed to make one or more of the disclosures required by the Lead Hazard Reduction Act or complete one or more

of the disclosure activities required by the Lead Hazard Reduction Act.

19. The acts or omissions referred to in the preceding paragraph constitute violations of the Lead Hazard Reduction Act and its implementing regulations. As a result of such violations, Defendants have denied families residing in the residential properties the opportunity to take steps to protect themselves and their children from lead poisoning.

CLAIM FOR RELIEF

20. Section 1018 of the Lead Hazard Reduction Act, 42 U.S.C. § 4852d, and the applicable regulations, found at 24 C.F.R. Pt. 35, Sbpt. A, and 40 C.F.R. Pt. 745, Sbpt. F, impose upon Defendants the requirements identified in Paragraphs 11 through 13 set forth above.

21. Defendants have violated the Lead Hazard Reduction Act by failing to make required disclosures or complete the required disclosure activities and failing to make required disclosures to families leasing residential properties subject to the Lead Hazard Reduction Act. Under Section 1018(b)(2), 42 U.S.C. § 4852d(b)(2) and Section 15 of TSCA, 15 U.S.C. § 2616, because Defendants failed to comply with the Lead Hazard Reduction Act, the United States may seek injunctive relief from Defendants. Defendants may thereby have endangered the health, welfare, or safety of the occupants of these premises.

PRAYER FOR RELIEF

WHEREFORE, the United States prays that this Court:

1. Issue a declaratory judgment finding that Defendants failed to comply with the Lead Hazard Reduction Act;

2. Issue an order requiring that Defendants comply with the Lead Hazard Reduction Act;
3. Require Defendants to take appropriate measures to rectify past violations of the Lead Hazard Reduction Act; and
4. Provide for any and all other relief that this Court deems just and proper.

Respectfully submitted,
